

**Prior Authorizations of State Debt to Fund Capital Projects –
Alterations
Senate Bill 1018/House Bill 1447**

A prior authorization is a bill that alters an authorization of State debt enacted during a prior session. A prior authorization alters authorizations in prior Maryland Consolidated Capital Bond Loans or individually enacted bond bills. During the 2008 session the General Assembly streamlined the process of enacting the prior authorization bills by amending all the bills into one omnibus bill. As introduced, the omnibus bill includes all the requested prior authorization bills on the date the omnibus bill was introduced. **Appendix 1** provides a summary of the projects included in the omnibus bill as introduced. **Appendix 2** provides a summary of the amendments made by Senate. **Appendix 3** provides a summary of the projects that were removed by Senate amendment from the bill and left unchanged. **Appendix 4** provides a summary of the amendments made by the House. **Appendix 5** provides a summary of the proposed conference committee amendments.
